

Consent to Participate in ZEP PPI Survey

Good day, my name is _____ from _____ working with the Zero Extreme Poverty Philippines 2030 Movement or ZEP. ZEP is a coalition of organizations that aims to work together to eradicate extreme poverty in our country.

We would like to request 10-15 minutes of your time to ask some questions about your family such as demographics, education level, and socio-economic conditions. The result of this survey will provide ZEP the information to identify the programs needed for your family and community.

Your participation in this is completely voluntary. Your answers will be kept strictly confidential under the care of our office/organization. Your responses will only be analyzed in a group and your individual information will never be published in a report without your consent.

If you are selected as recipient of a ZEP program, there is the possibility that photographs and/or digital images and videos of your family will be taken and used in news releases, promotional or education materials released through printed and electronic publications, in websites or social media.

If you are comfortable to participate, please provide consent:
